Dear John Pepper, MD,

After contacting your patient, Jane Sampleton, to conduct the Home Sleep Apnea Test that was ordered on 01/01/2015, they decided to refuse to complete the home sleep test. We hope that they contact your office immediately to review their decision.

Please feel free to contact our office should you have any questions or if the patient decides that they would like to move forward with completing the home sleep test.

About ADSI

ADSI may or may not have received the HST Referral through an HME/DME supplier and their information is listed below.
