

LEARN HOW TO **DIAGNOSE** IN THE *Sleep Apnea* **HOME!**

AdvancedSleep®

Order. Diagnose. Treat.®

Advanced Diagnostic Solutions Inc. (ADSI) developed a great program to help primary care and specialty physicians diagnose their own patients with suspected sleep apnea. Our at home test is covered by MEDICARE, United Healthcare, Humana, Aetna and a growing number of commercial insurance companies. This program is **NO COST** to your practice as we handle shipping, equipment and scheduling charges. The only thing your office has to do is order a home sleep test, diagnose your patient after the board certified sleep physician interpretation and treat your patient with the appropriate therapy.

Don't send your patients to costly sleep labs when they can be diagnosed for 1/10 the cost in their own bed by Advanced Diagnostic Solutions Inc.!

Home Sleep Apnea Testing Benefits

- Patients have less expensive co-pays
- Final test results in less than 10 Days
- Increase practice revenue with more patient visits
- Get the expertise recommendations from Sleep Physicians w/o a losing a visit
