

Oximetry Process within Brightree

Brightree Steps

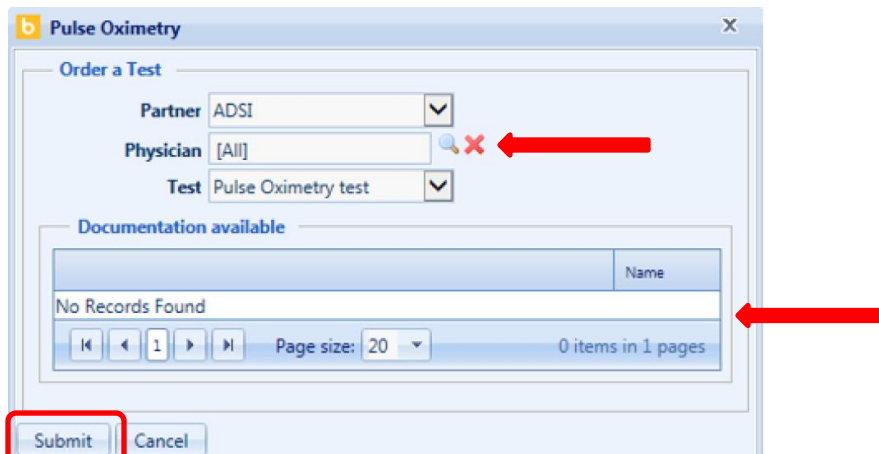

1. Create a Sales Order for the patient you wish to test.
2. Tag any oximetry documentation/files to the oximetry Sales Order.
3. Order the Oximetry Test through the patient section; Clinical Tab → Diagnostic Testing tab. Click the box in the "Order Test" column for the "Test Group" you wish to use to order the test. Once clicked, the "Order Test" button towards the top right will highlight allowing you to click.

The screenshot shows the Brightree interface for Diagnostic Testing. The 'Clinical' tab is selected, and the 'Diagnostic Testing' sub-tab is active. A table lists test groups, with the 'Order Test' column highlighted. The 'Order Test' button is also highlighted.

| Order Test | Test Group Name | Order Id | Date of Service | Procedure Code | Item Id |
|--------------------------|-----------------|----------|-----------------|----------------|-----------|
| <input type="checkbox"/> | Pulse Oximetry | 75185 | 03/01/2017 | E0445 | C-13-200M |

4. After clicking the "Order Test" button from the above image, the following box will pop-up allowing you to finalize what you will send to ADSI.

The screenshot shows the 'Pulse Oximetry' pop-up window. It contains fields for Partner (ADSI), Physician ([All]), and Test (Pulse Oximetry test). A 'Documentation available' section shows 'No Records Found'. The 'Submit' button is highlighted.

* Patient info, Physician info and any supporting documentation are sent to the IDTF instantly; eliminating the need to fax anything.

"A leader in home diagnostics nationwide"

- a. The "Physician" will auto-populate based off the Sales Order info or you can search and add the physician that signed the order.
 - b. Under the "Documentation available" section, the documents added to the Sales Order in first step will be available and you can check the boxes to allow the documents to be sent to ADSI.
 - c. Final step, click "Submit" to transmit your Test Order instantly to ADSI.
5. Once you click "Submit" in the above image via Brightree, our system instantly sends back the two patient required forms into Brightree for printing (Click the Book icon in the "Report" column to access the following forms);
- a. **Patient Assignment of Benefits (AOB)** is prefilled with the patient info, including insurance info, and the DME Company's information; the patient only has to sign & date and then the DME can upload into our system or fax to our office.
 - b. **Patient Instructions** with the DME Company's name & phone number listed.

| Test Summary | | | | | | | |
|---|----------------|---------------------|------------------|--------------------------------------|-----------------|-----------|---|
| Testing Group | Test | Order Id | Partner Order Id | Test Status | Submission Date | Report | Completion Date |
| <input type="checkbox"/> | Pulse Oximetry | Pulse Oximetry test | 75185 | 3386f9eb-07a4-4860-b9d3-fd193c66127b | Ordered | 3/22/2017 |  |
| Test Result | | | | | | | Completion Date |
| No child records to display. | | | | | | | |
|  Page size: 20 | | | | | | | 0 items in 1 pages |
|  Page size: 20 | | | | | | | 1 items in 1 pages |

** These two forms are ready to print, within Brightree, instantly once the Oximetry has been ordered within Brightree. At this point you never have to visit the IDTF's website.*

ADSI Steps

1. Within the ADSI portal, upload the patient's oximeter & view a preliminary report instantly.
2. If you have not sent in the patient AOB, either via upload or fax, send the AOB so we can process the patient's oximetry report & send to the ordering doctor.
3. Within 5-15 minutes, the oximetry report is released and an email notification is sent to your office letting you know that the report is available to view within Brightree.

Brightree Final Steps

1. View the Oximetry Results within Brightree by clicking the Book icon under the Test Summary section in the Test Result section. The "Test Status" will update to "Completed" once ADSI has processed, released and faxed the oximetry report to the ordering physician.

| Test Summary | | | | | | | |
|--|----------------|---------------------|------------------|--------------------------------------|-----------------|--------------------|---|
| Testing Group | Test | Order Id | Partner Order Id | Test Status | Submission Date | Report | |
| <input type="checkbox"/> | Pulse Oximetry | Pulse Oximetry test | 75185 | 3386f9eb-07a4-4860-b9d3-fd193c66127b | Ordered | 3/22/2017 |  |
| Test Result | | | | | | Completion Date | |
| No child records to display. | | | | | | | |
| <input type="button" value="K"/> <input type="button" value="1"/> <input type="button" value="M"/> Page size: 20 | | | | | | 0 items in 1 pages | |
| <input type="button" value="K"/> <input type="button" value="1"/> <input type="button" value="M"/> Page size: 20 | | | | | | 1 items in 1 pages | |

2. Results can automatically be saved within Brightree Document Management instantly.

Our process will save an average of 10 minutes per oximetry patient, maybe more based on your current process. Throughout the entire process, roughly 95% of your staff's time will be spent within Brightree vs. having to do everything with the IDTF's site. Our solution will create a more efficient oximetry program and free up employee time to be more productive within your organization.
